

**SESSION 2024-25**  
**WINTER HOLIDAY HOMEWORK**  
**GRADE –V**

**Dear Parents/ Students**

As winter break approaches, it's essential for students to maintain a balance between academic responsibilities and personal well-being. While completing winter homework is important to reinforce learning, it is equally crucial to take time for self-care and connect with family. During the cold months, staying healthy through proper nutrition, regular exercise, and sufficient rest is key to remaining energized and focused. By managing both schoolwork and personal wellness, students can not only strengthen their knowledge but also build meaningful relationships with their family, creating a fulfilling and enriching winter break experience.
